Specifics

Cover:

This style is available in plain fabric and leather.

Contrast Stitch:

This model is available in several leather qualities and respectively in several leather colours with optional contrast colour stitching. When ordering, always indicate the contrast stitch number. Otherwise the order will be produced with matching coloured thread.

Dimensions (cm):

Dimensions are approximate for: width/depth/height and seat height.

The indicated width dimensions refer to the armpart S001.

Armpart S002 + 2cm

Armpart S003 + 8cm

Armpart S 004+ 9cm

Seat depth: 50cm

Total depth when seat moved: 170cm - standard back- MS, MP and MB

Total depth when seat moved: 173cm - high back - MSH, MPH and MBH

(includes standard extension of the footrest by 3cm)

Function:

By pushing against the backrest, the backrest moves back, at the same time the rearmost seat goes down a few cm and the footrest swings out completely. The angle between the backrest and the seat squab remains unrevised.

Furthermore you can lower the backrest by pushing a button (side part S001) and respectively by pulling the loop (side part S002, S003 and S004), without changing the seat or the footrest any further.

The arm chairs are equipped with an adjustable headrest.
